DESCRIPTION OF BUILDING PRODUCT

Lays DPC is 500Micron Plas course that separates materials such as timber and water to prevent corrosion. DPC is mainly used between slab and frames, cavity batten and roofing.

DPC comes in different widths 90mm, 150mm etc

SCOPE OF USE

DPC is mainly used between slab and frames, cavity batten and roofing. It is used to protect the building or building element from moisture

CONDITIONS OF USE

The user is responsible for making sure the DPC is being used in the appropriate way to achieve their desired result.

CONTRIBUTION TO BUILDING CODE OBLIGATIONS

Lays Fasteners DPC is manufactured to comply with the following code clauses

B2 Durability — B2.3.1 (a)

E2 External moisture — E2.3.2, E2.3.3, E2.3.7

F2 Hazardous building materials — F2.3.1

RESPONSIBLE PERSON

As the responsible person as set out in Regulation 3, I confirm that the information supplied in this declaration is based on information supplied to the company as well as the company's own processes and is therefore to the best of my knowledge, correct. I can also confirm that Lays DPC is not subject to a warning on ban under s26 of the Building Act.

Signed for and on behalf of Lays Fasteners
